NOTIFICATION OF VACANCIES.

APPPLICATIONS will be received from persons qualified for appointment to the positions specified below.

Applicants outside the Public Service are eligible for appointment to (1) the Administrative Division, (2) the Professional Division, and (3) to the General Division where indicated, but are not eligible for appointment to the Clerical Division unless qualified under the provisions of the Public Service Act.

Applications must be in the applicant's handwriting, should show fully qualifications for the position sought, and must, to insure consideration, be forwarded to the **Public Service Inspector in the State in which the vacancy exists in time to reach the office of the Public Service Inspector not later than the date shown in each case.**

In the case of officers of the Commonwealth Public Service applications should be forwarded through the Department to which the officer is attached.

In the case of applicants who are officers of the Public Service of the Commonwealth or of a State the following particulars should be set out at the foot of the application:—

Designation
Office or Branch
Age last birthday (in years)
Length of service (in years)
Salary (per annum)
Date of receipt of present salary

Applicants from outside the Service should state full name and date and year of birth, also place of birth and whether they are natural-born or naturalized British subjects. Copies only of diplomas, references, testimonials, or certificates should be forwarded. If the originals are required they will be asked for.

Fares to locality of appointment of persons appointed from outside the Service will not be paid by the Commonwealth unless such fare exceeds £3, when such allowance as the circumstances justify may be granted.

The range of salary indicates the classified value of a position, but appointments may be made at any salary within such range. Cost of living allowances are subject to review by the Arbitration Court from time to time. Successful appointees must comply with the life assurance provisions of the Public Service Act and Regulations.

Officers promoted to positions in the Fourth Class, which come within the scope of the award of the Australian Commonwealth Public Service Clerical Association, may be retained at the salary of £245 where, in the opinion of the Acting Commissioner, the fixing of that salary as a maximum is justified.

Officers who may be transferred without promotion or increase of salary, as the result of an application for an advertised vacancy, will be required to pay their own expenses of removal unless the transfer comes within the conditions prescribed in Public Service Regulation No. 54.

Particulars of existing quarters are furnished merely for the information of officers. It is not incumbent on Departments to provide quarters, which, if provided, may be wholly or partially withdrawn at any time.
